## DEPARTMENT OF AGRICULTURE, BENGAL.

### Forecast of the Rabi Crops of Bengal for 1921-22.

(NOTE.—On an average of the five years ending 1919-20, the area under summer rice in Bengal has represented some 0.5 per cent. of the total area under rice in British India.)

**Character of the season.**—The rainfall in September and October was sufficient for preparatory tillage and the conditions were generally favourable for the sowings which commenced usually in the normal time. Since then, prolonged drought has set in and the resulting want of moisture has adversely affected the crops in many parts of the province. The late-sown crops have accordingly suffered considerably especially in the western districts. The scanty showers that fell in January and in the first week of February proved too late and inadequate to retrieve the situation. On the whole, the season was satisfactory for the early crops and unfavourable for the late crops.

**Area.**—The normal area under the different *rabi* crops in the Province dealt with in this forecast is estimated at 3,717,600 acres. The area actually sown this year is reported to be 2,745,900 acres against 2,849,500 acres last year. Of this, the area under summer (*boro*) rice is returned at 374,800 acres against 426,400 acres of the last year.

**Outturn.**—According to the estimates of district officers, the outturn of the different *rabi* crops for the province as a whole works out to 77 per cent. of the normal against 81 per cent. of last year; the returns from the more important *rabi* districts being as follows:—Nadia 45, Murshidabad 63, Jessore 46, Khulna 95, Burdwan 89, Midnapore 83, Rajshahi 68, Jalpaiguri 93, Darjeeling 107, Rangpur 100, Pabna 50, Malda 81, Dacca 89, Mymensingh 75, Faridpur 77, Bakarganj 83, Tippera 66 and Noakhali 83.

**Summer rice crop.**—The outturn of summer rice according to district estimates is 77 per cent. of the normal against 81 per cent. last year. The gross yield of the crop for the province, on the basis of a normal yield of  $14\frac{1}{2}$  maunds of clean grain per acre, is thus estimated at 152,000 tons this year against 181,900 tons last year or a decrease of about 16 per cent.

G. EVANS,

*Director of Agriculture, Bengal.*

DACCA,

*The 22nd March 1922.*

## APPENDIX I.

## Forecast of the Rabi (Spring) Crops of 1921-22.

District.	Name of crop.	Estimated normal area under each crop.	Estimated area under each crop.		Estimated outturn as a percentage of a normal yield per unit of area.		Dates by which the sowing of the crops generally commenced this year, and whether those dates were early, normal or late.	Dates by which the harvesting of the crop generally commenced this year, and whether those dates were early, normal or late.	Remarks by District Officers.
			Last year.	This year.	Last year.	This year.

MURSHIDABAD.	Other rabi non-food crops (excluding the crops shown above) ...	5,400	2,000	1,300	75	67			
	Total non-food crops ...	12,800	5,500	4,000	81	70			
	GRAND TOTAL ...	261,300	89,300	91,400	77	63			

October and November; normal.

February; normal.

The decrease in area under some food crops is due to want of timely rain.

The weather has been unfavourable on the whole. The outturn is below the normal owing to drought which has caused damage in the Badar and Badhat subdivisions.

End of October; normal.

Middle of February; normal.

The decrease in area is due to want of rainfall at the sowing season. The entire cessation of rain all through has stunted the growth of the crops affecting the outturn materially.

End of October to beginning of November; normal.

January to March

The weather has not been favourable. There was only slight rain in the early part of February. Continued drought has stunted the growth of the crops and the outturn is anticipated to fall much below the normal.

District.	Name of crop.	Estimated normal area under each crop.	Estimated area under each crop.		Estimated outturn as a percentage of the normal yield per unit of area.		Dates by which the sowing of the crops generally commenced this year, and whether those dates were early, normal or late.	Dates by which the harvesting of the crops generally commenced this year, and whether those dates were early, normal or late.	Remarks by District Officers.
			Last year.	This year.	Last year.	This year.			
JESSORE.	Barley	3,800	1,900	800	57	34	December; normal.	Middle of February; normal.	The decrease in area is due to unfavourable weather conditions at the sowing season and to want of rain. The weather has not been favourable and the growth of the crops not good. The outturn is expected to fall much below the normal owing to drought which has caused damage to a considerable extent.
	Sow or summer rice	11,800	900	1,800	50	50			
	Gram	24,200	2,900	2,800	75	47			
	Other seed cereals (excluding wheat).	79,800	49,700	22,000	50	41			
	Other seed pulses	24,700	6,200	1,700	68	30			
	Seed fruits and vegetables (including root-crops).	29,600	12,900	6,900	50	50			
	Other seed food-crops (excluding wheat).	8,100	1,400	1,300	50	50			
	Total food-crops	194,800	87,500	52,000	62	44			
	Tobacco	24,400	2,700	2,900	75	38			
	Other seed non-food crops (excluding the crops shown above).	2,000	700	900	50	50			
KURNA.	Total non-food crops	26,400	10,800	10,500	72	57	November; normal.	February; normal.	
	GRAND TOTAL	221,200	98,300	62,500	65	46			
	Sow or summer rice	12,800	12,100	12,600	100	100			
	Gram	100	100	100	100	62			
	Other seed pulses	7,300	5,800	9,000	100	100			
	Seed fruits and vegetables (including root-crops).	16,800	14,900	19,900	100	97			
	Other seed food-crops (excluding wheat).	2,400	1,300	400	100	32			
	Total food-crops	39,400	34,100	32,000	100	97			
	Tobacco	4,400	2,500	1,800	92	65			
	Condiments and spices	14,000	15,200	14,700	100	98			
BUNGEE.	Other seed non-food crops (excluding the crops shown above).	100	800	200	100	39	September; normal.	February; normal.	The decrease in area this year is due to want of timely rain. The increase in area under pulses is due to the fact that in the Sakhira subdivision, more lands were sown with these crops owing to failure of rice crop. The weather has not been favourable. Want of timely rain has retarded the growth of the crops.
	Total non-food crops	15,500	19,500	17,000	95	91			
	GRAND TOTAL	71,900	54,600	49,000	100	96			
	Barley	7,000	2,700	4,000	78	74			
	Sow or summer rice	200	400	600	50	50			
	Gram	2,100	4,200	4,000	75	75			
	Other seed cereals (excluding wheat).	3,900	2,400	3,600	58	55			
	Other seed pulses	43,500	24,000	24,000	92	92			
	Seed fruits and vegetables (including root-crops).	2,800	1,200	1,700	75	75			
	Other seed food-crops (excluding wheat).	49,000	22,700	25,200	95	95			
BUNGEE.	Total food-crops	110,100	78,700	78,800	89	89	End of October; normal.	End of February	The weather has not been favourable owing to drought and the outturn is expected to fall below the normal. The drought has caused some damage specially in the Bungee subdivision.
	Tobacco	400	800	500	85	52			
	Seed food-crops (excluding the crops shown above).	800	200	200	85	67			
	Sown hemp	...	...	...	...	...			
	Other seed fibres	100	100	...	83	...			
	Condiments and spices	140	200	200	67	57			
	Other seed non-food crops (excluding the crops shown above).	200	500	500	92	92			
	Total non-food crops	1,400	1,400	1,500	80	81			
	GRAND TOTAL	111,700	77,800	77,000	89	89

October; normal.

January; normal.

The decrease in area under tobacco was due to heavy rainfall at sowing time. The weather was unfavourable at the beginning, but was favourable during the period of growth.

Middle of November; late.

Not yet commenced.

October; normal.

First week of February; normal.

November; normal.

January to February; normal.

The weather and its effects on the growth of the crops have been favourable and a normal outturn is likely to be obtained.

November; normal.

January to February; normal.

J. C. ROY,

for Director of Agriculture, Bengal.

TO THE CALCUTTA GAZETTE, MAR. 29, 1922.

**CORPORATION OF CALCUTTA.**

**NOTICE.**

Notice is hereby given that the General Committee having previously given notice of their intention to define the revised general line of buildings of the public street known as Panditia Road between Monoharpukur Road and Hazra Road, in Ward No. 21, and no objection having been received within thirty days from the date of the publication of such notice, made an order under section 350 (4) of Act III (B.C.) of 1899, on the 27th day of October 1921 and defined the said line in supersession of the general line which had been defined by the General Committee on the 28th day of July 1921.

J. N. GUPTA, *Chairman.*

# SUPPLEMENT TO THE CALCUTTA GAZETTE

## DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 22nd March 1922.

**Summary.**—During the week scanty showers fell in places only. Sowing of spring crops is well advanced. The recent rain has slightly improved the situation for jute sowing in parts of Eastern Bengal. Rain is badly needed for the standing spring crops and for the agricultural operations for jute and paddy which are being delayed. The average price of common rice for the province has risen by about 1·2 per cent. as compared with that of the previous week.

Serial No.	District and subdivision.	Rainfall.	PRICE OF COMMON RICE, IN SEER, PER ROPE.		Character of the weather, condition of crops, etc.
			This week.	Previous week.	
1	2	3	4	5	6
1	24-PARGANAS	Inches.			
		0·02	5	5½	Lands are being prepared for jute and one paddy. Fodder and water are sufficient.

11	HOWRAH ...	Nil	6	6½	Weather hot. Harvesting of rabi pulses is finished. Rain is wanted for agricultural operations.
	Uluberia ...	Nil	7½	7½	
12	RAJSHAHI (RAMPUR-BOALIA).	Nil	7	7	Weather is favourable. Prospects of standing crops are fair. Fodder and water are sufficient.
	Naogaon ...	Nil	7½	7½	
	Nator ...	Nil	7½	7½	
13	DINAJPUR ...	Nil	8½	8½	Harvesting of rabi crops is going on. Fodder and water are sufficient.
	Thakurgaon	Nil	9½	9	
	Balurghat ...	Nil	7½	7½	
14	JALPAIGURI	Nil	7	7	Sowing of autumn rice and jute is being retarded to some extent for want of rain. Export of paddy and rice is going on.
	Alipur ...	Nil	8	8	

(n) Not reported.

# SUPPLEMENT TO THE CALCUTTA GAZETTE

13

Serial No.	District and subdivision.	Rainfall.	PRICE OF COMMON RICE, IN SEEDS, PER RUPEE.		Character of the weather.
			This week.	Previous week.	
1	2	3	4	5	6
		Inches.			
15	DARJEELING	Nil	4½	4½	Sowing of maize is in progress. Fodder and water are sufficient.
	Kurseong ...	Nil	6½	6½	
	Siliguri ...	Nil	8	7½	
	Kalimpong...	Nil	6	6	
16	RANGPUR ...	0·01	8	8	Rain is badly needed for ploughing. Sowing of <i>aus</i> and <i>jute</i> in progress. Cattle-disease is reported from Rowmari in the Kurigram subdivision. Fodder and water are sufficient.
	Nilphamari	Nil	9	9	
	Kurigram ...	Nil	9	9	
	Gaibandha...	Nil	7½	7½	
17	BOGRA ...	Nil	7½	7½	Sowing of <i>jute</i> has begun.
18	PABNA ...	Nil	6½	6½	Prospects of standing crops are fair. Rain is badly needed for the preparation of lands for <i>aus</i> paddy and <i>jute</i> . Pressing of sugarcane is nearly completed. Fodder is sufficient.
	Sirajganj ...	Nil	7	7	
19	MALDA ...	Nil	7½	7½	Rain is urgently wanted. Harvesting of <i>rabi</i> crops continues. Fodder and water are sufficient.
20	COOCH BEHAR	0·02	8½	8½	Weather reasonable. Prospects of standing crop are favourable. Cattle-disease is reported from the Tufaniganj and Mathabhanga subdivisions. Fodder and water are sufficient.
21	DACCA ...	0·32	6½	6½	Weather is somewhat reasonable. Recent rainfall though scanty has been beneficial to the standing crops. More rain is needed for agricultural operations. Fodder and water are sufficient. Harvesting of barley and wheat is progressing.
	Manikganj...	0·20	7½	8	
	Narayanganj	0·38	7½	7½	
	Munshiganj (a)	(n)	7½	7½	
22	MYMENSINGH	0·02	7	7	Weather warm and dry. Harvesting of <i>rabi</i> crops is finished. Preparation of soil for <i>jute</i> and paddy continues. Prospects of standing crops are not favourable for want of rain. Fodder and water are available.
	Jamalpur ...	Nil	8½	8½	
	Tangail ...	Nil	7½	7½	
	Netrakona ...	Nil	7½	7½	
	Kishorganj...	Nil	7½	7½	

(a) Munshiganj being very near to Dacca and Narayanganj, its rainfall statistics are not quoted. To give information regarding the northern part of the district, rainfall figures for Kapasia thana are reported here.  
(n) Not reported.

TO THE CALCUTTA GAZETTE, MAR. 29, 1922.

Serial No.	District.	Rainfall.	PRICE OF COMMON RICE, IN ANNAS, PER RUPEE.		Character of the weather, condition of crops, etc.
			This week.	Previous week.	
1	2	3	4	5	6
23	FARIDPUR ...	33	7 7*	8 7*	Cultivation of lands for jute and paddy is continuing. Rain is urgently wanted. State and prospects of standing crops are fair. Fodder is sufficient.
	Goalundo ... (Rajbari).	0.30	7	7½

Retail.—Sir Stuart Hogg Market, Orphanaganj Market, Sovu Bazar, Nutun Bazar, Raja Babu's Bazar, Karaya Bazar, Taltola Bazar, Mullick Bazar and Jogu Babu's Bazar.

H. L. MUKHARJI,

for Commissioner, Presidency Division.

CALCUTTA, the 27th March 1922.

## DEPARTMENT OF STATISTICS, INDIA.

## CALCUTTA TRADE FLUCTUATIONS.

THE following tables are intended to show the trade by all routes, i.e., by rail, river, canal, road, and sea, of the Calcutta block\* in certain selected articles during the ten months, April, 1921, to January, 1922, as compared with the corresponding period of 1920-21 and 1919-20. The statistics have been compiled from returns furnished by the Collector of Customs, Calcutta, Railway Audit Offices, Steamer Companies, the Commissioners for the Port of Calcutta, the Collectors of the 24-Parganas and Howrah, and the Assistant Engineer, Calcutta Canals.

## General Summary.

**Imports.**—The imports of rice, including paddy†, into Calcutta\* by rail, river, canal, road, and sea (coastwise) during the ten months, April, 1921, to January, 1922, amounted to 11,591,000 maunds, as against 8,981,000 maunds in the corresponding period of the preceding year,—an increase of 2,610,000 maunds or 29 per cent, being chiefly due to larger imports of rice from Burma. There was a decrease of 23 per cent in the imports of coal and coke (88,242,000 maunds as against 114,694,000 maunds a year ago). The value of the imports by rail, river, road, and sea (coastwise) of Indian cotton piecegoods showed a decrease of 9 per cent, the total value amounting to Rs. 9.15 lakhs as against Rs. 10.11 lakhs in 1920-21. The quantity of indigo imported during the ten months, April, 1921, to January, 1922, decreased from 11,428 maunds last year to 8,184 maunds. The imports of raw jute amounted to 3,546,000 bales as against 4,892,000 bales,—a decrease of 1,346,000 bales or 28 per cent. The importations of gunny bags also showed a decrease of 104 million bags (241 million bags against 345 millions in the preceding year). The total imports of oilseeds (linseed and rape and mustard seed) increased by 23,000 maunds, from 5,442,000 maunds to 5,465,000 maunds, but those of sugar declined by 239,000 maunds, or 34 per cent, from 710,000 maunds to 471,000 maunds. The imports of tea increased from 1,882,000 maunds to 2,234,000 maunds, an increase of 352,000 maunds or 19 per cent.

**Exports.**—The value of the exports of cotton piecegoods, foreign, from Calcutta\* by all routes during the ten months, April, 1921, to January, 1922, fell by 27 per cent from Rs. 21.34 lakhs to Rs. 15.54 lakhs. The exports of gunny bags (including the exports by sea to foreign countries) decreased from 1,118 million to 878 million bags, but the shipments of gunny bags to other Indian ports increased from 40 to 60 millions in number in the period under review. The quantity of kerosene oil despatched from Calcutta and Budge-Budge by internal routes and by sea (coastwise) also rose from 4,499,000 maunds to 4,706,000 maunds, an increase of 207,000 maunds or 5 per cent.

\* The Calcutta block consists of the town of Calcutta with Howrah and Kidderpore Docks.

† One maund of paddy is equivalent to 25 seers of rice.

## ENQUIRY INTO THE QUESTION OF DIET ALLOWANCES OF INDIAN PATIENTS TREATED IN GOVERNMENT HOSPITALS.

### GOVERNMENT OF BENGAL.

#### LOCAL SELF-GOVERNMENT DEPARTMENT.

##### Medical.

CALCUTTA, THE 25TH MARCH 1922.

#### RESOLUTION—No. 925Medl.

Minister in charge : The Hon'ble Sir S. N. Banerji, M.C.

On a resolution moved in the Bengal Legislative Council by Dr. Hasan Suhrawardy recommending that the allowances for the diet expenses of

Indian patients in the Medical College Hospitals, the Campbell Hospital and other Government hospitals should be on the same scale as that sanctioned for patients who are accustomed to a European diet, the Minister in charge of Local Self-Government undertook to appoint a committee to investigate and report on the whole question of diet allowances in the abovementioned hospitals and the following Committee is accordingly now appointed, viz. :—

The Surgeon-General with the Government of			
Bengal	...	...	<i>President.</i>
Sir Nilratan Sarkar, M.D.	...	...	} <i>Members.</i>
Dr. Mrigendra Lal Mitra	...	...	
Dr. H. Suhrawardy, M.L.C.	...	...	

ORDER.—Ordered that a copy of the resolution be forwarded to all members of the Committee.

Ordered also that a copy of the resolution be published in the *Calcutta Gazette*.

By order of the Government of Bengal  
(Ministry of Local Self-Government),

S. W. GOODE,  
*Secretary to the Government of Bengal (offg.).*

## DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 29th March 1922.

**Summary.**—Excepting some scattered rain in a few places of North and East Bengal, the weather is continuing dry throughout the Presidency. Rain is badly needed for the agricultural operations. Sowings of jute and paddy are being delayed. Condition of standing crops is unfavourable. Reaping of spring crops is well advanced. The average price of the common rice for the Province has risen by about 2·6 per cent. as compared with that of the previous week.

Serial No.	District and subdivision.	Rainfall.	PRICE OF COMMON RICE, IN RUPEES, PER RUPEE.		Character of the weather, condition of crops, etc.
			This week.	Previous week.

## RECONSTITUTION OF THE BOARD OF THE AGRICULTURAL DEPARTMENT IN BENGAL.

### GOVERNMENT OF BENGAL.

#### DEPARTMENT OF AGRICULTURE AND INDUSTRIES.

##### Agriculture.

CALCUTTA, THE 5TH APRIL 1922.

#### RESOLUTION—No. 2002Agri.

Minister in charge: The Hon'ble Nawab Saiyid Nawab Ali Chaudhuri, Khan Bahadur, C.I.E.

For some time past the question of the reconstitution of the existing Board of the Agricultural Department in Bengal has been engaging the attention of the Government of Bengal (Ministry of Agriculture and Public Works). The question was also discussed at the second annual conference of the Board held at Dacca in August 1921, and the Hon'ble Minister then expressed his

intention of reconstituting the Board on a more popular and representative basis. It has now been decided that the constitution of the Board will be as follows :—

(a) *Official members—*

- (1) The Director of Agriculture, Bengal ... *President (ex officio)*.
- (2) The Deputy Directors of Agriculture in Bengal.
- (3) The Agricultural Experts in Bengal (including the Deputy Director of Sericulture, Bengal).
- (4) The Special Officer for Agricultural Education.

(b) *Non-official members—*

- (1) Rai Abinash Chandra Banarji Bahadur, M.A., M.L.C., Birbhum.
- (2) Mr. Sarat Kumar Roy, Dighapatia, Rajshahi.
- (3) Rai Jadu Nath Mazumdar Bahadur, M.A., B.L., C.I.E., M.L.A., Jessore.
- (4) Mr. Satis Chandra Roy, Zamindar, Comilla.
- (5) Khan Bahadur Ershad Ali Chaudhury, Natore, Rajshahi.
- (6) Khan Bahadur Maulvi Hemayetuddin Ahmed, Chairman, District Board, Barisal.
- (7) Babu Kumud Nath Mallick, Ranaghat.

The non-official members will hold office for a period of two years.

2. The duties of the Board will be mainly advisory ; they will advise Government on matters referred to them for opinion or on any other matter which the President may consider suitable for discussion. There will be regular quarterly meetings of the Board to which visitors may be invited. The President is also empowered to convene meetings to be held at other times when he considers it necessary to do so.

3. There will also be an annual general meeting which will be held on such date and at such place as the President may decide. To it the Department of Industries and the Co-operative and Veterinary Departments will send representatives, and the Director of Agriculture is empowered to invite other officials interested in agriculture, large land-owners, representative agriculturists, representatives of allied trades and others interested in rural development, selected in such a manner as to be representative of the agricultural interests of each district throughout the Presidency.

By order of the Government of Bengal  
(Ministry of Agriculture and Public Works),

J. A. L. SWAN,  
*Secretary to the Government of Bengal*

**MAGISTERIAL ENQUIRY INTO THE ALLEGED MISCONDUCT  
OF THE MILITARY POLICE AT THE RAILWAY STATION,  
CHITTAGONG, OCTOBER 1921.**

**GOVERNMENT OF BENGAL.**

**POLITICAL DEPARTMENT.**

**Political.**

CALCUTTA, THE 11TH APRIL 1922.

RESOLUTION—No. 7171P.

**READ—**

The report of the magisterial enquiry into the alleged misconduct of the Military Police at the railway station, Chittagong, on the night of the 20th October 1921.

On the night of the 20th October 1921, a party of the military police on duty outside the entrance hall of the Chittagong railway station was stoned and mobbed by a crowd which had gathered there to see certain prisoners who were being conveyed to Calcutta that night. It was necessary for the military police to push the crowd back and to clear the space round the entrance to the railway station, and in the process minor injuries were received by various members of the crowd. As the incident was grossly misrepresented in some quarters, Government thought it advisable that an enquiry should be held, and the report of Rai Suresh Chandra Singh Bahadur, Deputy Magistrate, was received by Government on the 2nd December 1921. Criminal cases were pending at that time against certain persons and the publication of the report might have prejudiced this case; these proceedings have now ended in conviction, and the magistrate's report is published for general information.

The Governor in Council agrees with the conclusions of the magistrate, and considers that there was no justification for the attempt made in certain quarters to describe this incident as a "Gurkha outrage."

ORDER.—Ordered that a copy of the resolution be published in the *Calcutta Gazette* and that copies be forwarded to the Commissioner of the Chittagong Division and the Inspector-General of Police, Bengal, for information.

By order of the Governor in Council,

J. DONALD,

*Chief Secretary*

*to the Government of Bengal.*

**REPORT.**

Mr. L. B. Burrows, Additional District Magistrate, originally received orders, through the Divisional Commissioner, on the 8th November 1921 to hold a formal enquiry into the alleged misconduct of the military police at the railway station, Chittagong, on the night of the 20th October. The Additional Magistrate fixed the 21st November as the opening day of his enquiry, because the European Inspector of Police (witness No. 1) had meanwhile been transferred to Kharagpore, but this date was altered to the 15th November on the receipt of orders from Government, asking for a report by the 21st, if possible. Notices were issued for both dates, to the principal executive officers, recognised public bodies and associations, and to the public generally, calling on all persons, who could throw light on the matter under enquiry, to appear and give evidence. Meanwhile as soon as he received the orders referred to above, the Additional Magistrate informed the higher authorities that he had been present at the railway station on the night of the 20th October and that he would probably be required as a witness. Later on, and before any orders had been received on the Additional Magistrate's representation, the Secretary of the Bar Association wrote pointing out that the purpose of the enquiry would be better served if it were conducted by some other officer. As a result, I received orders from Government to conduct the enquiry and commenced it on the 15th November.

2. At the outset, I was informed that the enquiry would be boycotted by the public, but it was, as a matter of fact, attended throughout by several pleaders, muktears and other members of the general public, several of whom took notes of the proceedings and also cross-examined some of the witnesses. The local authorities were represented by a senior vakil, who examined 25 witnesses on behalf of those authorities. All these witnesses were tendered for cross-examination, but advantage was not taken of this except in the case of witnesses Nos. 20, 21, 24, 25 and 27. In addition 16 members of the public came forward to give evidence, but only seven of them were cross-examined because the remaining nine did not appear on the day following their examination-in-chief though requested to do so.

3. Before proceeding to consider all this evidence, it may be as well to glance briefly at the general conditions and circumstances under which the incident of the 20th October occurred. Since the month of April last, Chittagong has been the centre of great activity on the part of the non-co-operators in connection with the Chandpur coolie affair, the Assam-Bengal Railway strike, the Khilafat and allied agitations, and the campaign against foreign cloth. Constant public speeches by various leaders of the party have excited the public mind unduly and various incidents have occurred not calculated to allay such excitement. Among other things, it was necessary to take proceedings against several local leaders under section 108, Cr. P. C., while Mr. J. M. Sen Gupta, the recognised leader among local leaders and the President of the Railway Employees' Union, had to be prosecuted along with eighteen other persons for organising an illegal procession and continuing as a member of an unlawful assembly after the latter had been ordered to disperse by the District Magistrate in person. The trial aroused considerable public interest and was concluded before the Additional District Magistrate on the 20th October, when all the accused persons were sentenced to three months' rigorous imprisonment under section 151, I.P.C. In accordance with the general orders on the subject, arrangements were made to transfer these political prisoners to the Alipore Central Jail the same night. News of this intended transfer was evidently circulated throughout the town and its neighbourhood, and a crowd commenced to assemble at about 4 P.M. outside the jail gate. Various acts of rowdyism, detailed in the evidence of witnesses Nos. 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 23, 25, and 27, were committed by the crowd, including the burning of foreign cloth, the stripping of passers-by of foreign apparel, the shouting of political cries, and the abuse of Police Officers. Reinforcements had to be summoned from the Buxirhat beat, but the crowd continued to swell in numbers until it extended all the way from the jail gate to the railway station—a distance of about three quarters of a mile. The police force deputed to escort the prisoners to the station, and consisting of three Sub-Inspectors, two Assistant Sub-Inspectors and a sufficiently large number of constables under Sergeant Penny, arrived at the jail at about 7 P.M. As stated by the officers of the escort party (witnesses Nos. 2, 3, 23, 25 and 27) and corroborated by non-official witness No. 28, considerable difficulty was experienced in

getting the carriages to convey the prisoners inside the jail compound. It is in evidence that Sub-Inspector Sachindra Kumar Bhaumik (witness No. 27) was stoned at this point. The crowd surrounded the carriages as the prisoners were taken out of the jail premises by the escort party. Torches were improvised out of split bamboos taken from the jail fencing. A band and Sankirtan parties joined the procession and added to the uproar. There was also a display of fire-works, accompanied by the frequent firing of bombs. All shades of political opinion were represented in the procession, but everyone now disowns responsibility for its elaborate organisation, because it was in fact illegal, being in direct contravention of the general prohibition of such processions by the Superintendent of Police under section 30(2) of Act V of 1861.

4. It has, however, been claimed that the procession, whatever its legality may have been, moved in a quiet and orderly fashion without obstruction to or annoyance of persons lawfully employed. It is, nevertheless, admitted that picketting and burning of foreign cloth took place. Further, the evidence shows that the road was obstructed at various points and that the police officers had to descend from their carriages to clear a path through the surrounding crowd. Members of the crowd are said to have abused and spat at these police officers, and Sub-Inspector Sachindra Kumar Bhaumik (witness No. 27) was hit on the head by a bamboo thrown near the District Board Office. Assistant Sub-Inspector Birendra Kumar Baruri (witness No. 2) and Head-Constable Samsul Huda (witness No. 3) were hit on the ears by brick-bats, and the whole escort party was treated to a more or less continuous shower of various missiles. Both official and non-official evidence (witnesses Nos. 7, 9, 11, 29 and 32) proves the holding up of Abdul Jubbar Sadagar's carriage and the snatching and tearing up of his *chaddar* and shirt. Babu Naba Kumar Banerjee (witness No. 7), a clerk in the office of the Deputy Traffic Superintendent, Chittagong, had his foreign coat torn and stripped off. As has been stated, the conditions were ripe for such rowdiness on the part of the followers of and sympathisers with the incarcerated leader, Mr. Sen Gupta, and the evidence shows that they did actually indulge in such excesses with the idea of demonstrating their sympathies in practical form. Apprehending further developments of such expressions of excitement and ill-feeling, the officer-in-charge of Kotwali police-station (witness No. 11) telephoned to the Superintendent of Police (witness No. 13) at the Chittagong Club, informing him of what was taking place. Mr. Cornish, the Superintendent of Police, consulted the District Magistrate (witness No. 12), and it was decided that the escort should be strengthened to prevent more serious trouble at the railway station. The District Magistrate is said to have suggested that the escort might be strengthened with the ordinary or armed police, but it was ascertained that there were only five or six men available in the lines at this time, the remainder of the force having already been deputed to maintain order outside the jail and along the road leading to the railway station. The District Magistrate thereupon requested Captain Wood (witness No. 15), the Commanding Officer of E. F. Rifles, who was also at the Club, to send a force of forty of his men under a native officer to the railway station to reinforce the Police. Mr. Cornish says in evidence that both he and Captain Wood personally instructed the Indian Officer to accompany the force of Military Police. The fact that the Commanding Officer did not accompany the force supports the conclusion that it was not the intention of the Civil authorities to use the Military Police for the immediate purpose of dispersing the crowd. It appears from the evidence of Captain Wood that the order about sending a force of forty sepoy under an Indian Officer was somehow distorted over the telephone, with the result that the whole detachment of ninety-two men, under two Indian Officers, marched down to the railway station. The detachment was accompanied by Inspector Malins of the Bengal Police (witness No. 1) and was timed to arrive at the station about the same time as the escort party with the prisoners. It is clear that the Military Police was intended primarily to assist the ordinary police in maintaining order and preserving the public peace, and there can be no doubt that this step was quite justified in the circumstances reported and actually existing. After allowing reasonable time for the Military Police to reach the railway station, the District Magistrate in company with Mr. Burrows, the Additional District Magistrate, and Mr. Cornish, the Superintendent of Police, left the Club for his bungalow by car, intending to ring up the station and

ascertain how affairs were proceeding. But when they pulled up the car at the foot of the hill on which the District Magistrate's bungalow stands, they heard loud shouting from the direction of the railway station. Thinking that a serious riot might be in progress, the District Magistrate, accompanied by the Additional Magistrate and the Superintendent of Police, drove at once in the same car to the railway station. By the time the District Magistrate and party arrived there, everything was found to be quiet and peaceful in and around the railway station and a large crowd was seen dispersing quietly. The train with the prisoners left the station shortly after their arrival, and having stayed on the platform for another five minutes or so, the District Magistrate and other officials returned home.

5. Coming now to the evidence of the occurrence under enquiry, it will be seen from the evidence of Inspector Malins (witness No. 1) and other witnesses, that the disorderly and vast crowd moving in procession with the prisoners was sighted on the main road near the eastern approach to the railway station, when the detachment of the Gurkha Military Police entered the station compound by the western approach from the main road on the Pahartali side. Both the approach roads meet under the portico of the railway station, in front of the main entrance to the platform. It is also admitted, on all hands, that a very large crowd had gathered and spread over every inch of available space within the station area before the procession with the prisoners arrived. The railway platform was crowded, and the portico with the approaches were all packed. Babu Apurna Charan Kanango (non-official witness No. 28) says that he tried to keep the crowd under the portico in check sometime before the procession with the prisoners had entered the station area by the eastern approach, but his own evidence suggests the inference that the crowd reassembled under the portico as quickly as he shoved them back. The evidence shows that thousands of men had already gathered and that there was a general rush and scramble for places. The Military Police marched up to the western approach, moving the crowd before them, and halted under the portico, while Inspector Malins (witness No. 1) and Jamadar Mindaram (witness No. 16) entered the railway platform to make the necessary dispositions. Part of the detachment then went on to the station platform, while the other part remained outside under the portico. As the escort party with the prisoners came up the eastern approach to the portico, the crowd already assembled in the space between was inevitably driven towards the portico and commenced to encroach upon the space occupied by the detachment. The Gurkhas were thus pressed from all sides and found it difficult to hold their own. At this stage, some persons in the crowd commenced throwing stones, etc., at the Gurkhas. One Kalicharan rifleman (witness No. 19) was hit on the chest, while Nubinram rifleman (witness No. 18) was injured on the knee. Rifleman Paniram (witness No. 17) says that one of the crowd tried to wrest away his rifle by force. The weapon was recovered by Paniram, after a scuffle, with the assistance of Havildar Lowaram (witness No. 20). The shower of stones and brickbats, coupled with the pressure of the crowd from all directions, was apparently too much for the patience and forbearance of the comparatively small band of military police, charged with the duty of maintaining order and preserving peace; apart from their orders in this connection, their natural instincts of self-preservation and self-defence asserted themselves and caused them to shove back the hostile crowd some 40 or 50 yards from the portico towards the east. The suggestion is that the story about pressure from the crowd, accompanied by the throwing of stones, is an after thought,—but it is in evidence that both Jamadar Mindaram (witness No. 16) and Inspector Malins (witness No. 1) were told about these incidents as soon as the Gurkhas reformed ranks on being recalled. The Jamadar adds that stones continued to be thrown after the Gurkhas had fallen back and that he was himself hit then. Further, Sub-Inspector Sachindra Kumar Bhaumik (witness No. 27) confirms this, while the Superintendent of Police (witness No. 13) corroborates Inspector Malins as to the immediate reporting of the stone-throwing. Captain Wood (witness No. 15) says also that one of his officers reported everything to him the following morning. Among the non-official witnesses, the testimony of Babu Ranjan Lal Sen, B.L. (witness No. 38), a pleader of the local bar, supports that of the official witnesses. He says that there was a great rush towards the portico as the procession approached it by the eastern passage and that this was followed by a counter-rush on the part of the Gurkhas. He

was not in a position to see whether or not a shower of stones and brick-bats preceded the Gurkha-rush. It has been stated by most of the non-official witnesses that a stampede followed, and huddled as the crowd was, it is not difficult to picture how many of them must have knocked one another over, trodden on each other and being knocked against railing and other obstacles all around in the general confusion and rush to escape. Of the 16 non-official witnesses, 5 have shown me injuries on various parts of their bodies, said to have been received in the course of the alleged "Gurkha outrage". I have not heard any medical evidence as to the probable cause of their injuries, but it is quite possible that some of them were caused in the manner mentioned above. At the same time it is also quite likely that some of the injuries were caused by the butt-ends of rifles, used to press back the turbulent and aggressively encroaching crowd, but the point is that none of the injuries were serious nor more severe than the necessities of the situation demanded, nor was any complaint made about them to the authorities at the station or subsequently. It is a well-known principle of law that a man has the right to inflict in self-defence any injury not greater than that which he expects to be inflicted on himself if he offers no defence, and the conclusion I have arrived at in this particular instance is that, whatever injuries the Gurkhas may have been responsible for, these were not excessive in a situation where kid-glove methods might have led to far more serious trouble. The whole incident did not occupy more than a few minutes, and it occurred suddenly and under grave provocation to a body of men who were trying to carry out the duties allotted to them. After careful consideration of the whole evidence given before me, I have come to the following conclusions:—

- (1) That the use of the Gurkha Military Police in the circumstance was quite justified; this is, in fact, admitted in the evidence of Babu Annada Charan Dutta, M.A., B.L., M.L.C. (witness No. 26).
- (2) That their action in driving back the disorderly crowd from the immediate precincts of the railway station was within their prescribed duty of preserving order.
- (3) That the said action was not a deliberate and unprovoked attack on inoffensive persons, but was taken on the spur of the moment under grave provocation from an aggressive crowd, and was justified by the necessities of the situation.
- (4) That any injuries that may have been caused did not exceed their right of private defence, and were necessary in order to preserve the public peace and to prevent possible further trouble.
- (5) That the District Magistrate, Superintendent of Police and Additional Magistrate were not present at or near the spot when the incident occurred.

S. C. SINHA, *Additional Subdivisional Magistrate.*

CHITTAGONG, the 25th November 1921.

## DEPARTMENT OF AGRICULTURE, BENGAL.

### Special Forecast of the Wheat Crop of Bengal, 1921-22.

*(Note.—On an average of the five years ending 1919-20, the area under wheat in Bengal has represented some 0·4 per cent. of the total area under wheat in India. The ratio of the irrigated wheat acreage to the total wheat acreage in (a) British India and (b) in the territory now reported on, has, in the five years ending 1919-20, averaged (a) 42·2 and 18·0 per cent., respectively.)*

**Explanatory.**—This special forecast deals with the final estimates of acreage and yield of the wheat crop of this Presidency and is published as a special case under Government orders. The usual final forecast will be published in May as in previous years.

**Character of the season.**—Since the issue of the second forecast in the end of February last, the crop is reported to have further deteriorated in the districts of Murshidabad, Dinajpur, Pabna, Mymensingh and Faridpur as a consequence of the prolonged drought. The slight rain that fell in some places in the end of January and beginning of February was too late and inadequate to improve the situation. On the whole, the season may be regarded as an unfavourable one for the crop.

**Area sown.**—According to the estimates of the District Officers, the total area under wheat amounts to 124,100 acres against 116,900 acres reported both in the corresponding and final forecasts of last year.

**Outturn.**—From the District Officers' estimates, the provincial outturn works out at 67 per cent. of the normal this year, against 84 and 86 per cent. respectively in the corresponding and final forecasts of last year.

Taking the normal yield to be  $8\frac{1}{2}$  maunds per acre, the gross yield of the crop for the province is estimated at about 26,000 tons against 30,700 and 31,400 tons respectively in the corresponding and final forecasts of last year.

G. EVANS,  
Director of Agriculture, Bengal.

Dacca,  
The 8th April 1922.

## APPENDIX 1.

## Special Forecast of the Wheat Crop of Bengal, 1921-22.

District.	Estimated normal area under the wheat crop.	Estimated area under wheat.		Taking 100 to represent the normal, what would be the average outturn per acre cropped.		Date on which the harvesting of the crop was begun this year and whether that date was early, normal or late.	Remarks by District Officers.
		Last year (1920-21).	This year (1921-22).	Last year.	This year.		
	Acrea.	Acrea.	Acrea.				
Nadia	22,100	12,400	12,100	50	42	Beginning of March. Normal.	The entire cessation of rain all through has affected the crop causing reduction in the outturn, which has fallen much below the normal.
Murshidabad	66,800	22,800	22,400	22	22	End of March to April.	The decrease in area is due to want of rainfall at sowing time. The weather has not been favourable. Continued drought has retarded the growth of the crop and has caused damage to the extent of five annas.
Jessore	2,300	800	800	75	50	Latter part of February. Normal.	The weather has not been favourable and the growth of the crop not good. Much damage has been done by drought.
Burdwan	3,000*	3,000*	2,300	75	57	Middle of October. Normal.	The weather has not been favourable owing to want of rain. The outturn is expected to be much below the normal.
Birbham	4,100	2,000	2,100	92	51	Beginning of March. Normal.	The weather has not been favourable. The decrease in outturn is due to drought.
Bankura	2,600*	2,400*	2,400	67	75	Middle of February. Normal.	The decrease in area is due to insufficient rainfall in November. The weather has been fair. The outturn is below the normal owing to insufficient moisture in the soil.
Midnapore	900	900	800	23	75	March. Normal	The weather has not been favourable. The fall in outturn is due to drought.
Boghtly	2,400	1,700*	1,700*	47	57	End of March. Normal.	The weather has not been favourable. The outturn is expected to be much below the normal owing to absence of rain.
Rajahmudi	18,800	8,200	8,100	100	23	Latter part of March. Normal.	The increase in area is due to increase in price. The weather was unfavourable for want of rain. The rain in February improved the condition of the crop. The outturn is expected to be below the normal for want of rain which has caused damage to the extent of two annas in the Nator subdivision.
Dinajpur	1,400	1,800	1,300	61	51	Middle of March. Normal.	The outturn is expected to fall below the normal owing to unfavourable weather.
Jaipur	800	800	300	92	92	End of March. Normal.	The weather was favourable in a part of the district. The decrease in outturn is due to absence of rain.
Darjeeling	4,500	2,100	2,300	23	92	Last week of March. Normal.	The weather has been fairly favourable.
Raipur	2,000	2,400*	2,400*	100	100	First week of March. Normal.	The weather has been favourable and a normal outturn is expected.
Bogra	100	800	800	80	80	Last week of March. Normal.	The weather has not been favourable since the submission of the second forecast. The outturn is anticipated to fall below the normal.
Fabna	16,000	7,500	6,300	57	80	Middle of March. Normal.	Slight decrease in area compared with the second forecast is due to revision. The decrease compared with last year is due to indifference of cultivators to grow this crop. The weather was favourable for cultivation but continued drought since the sowing time has retarded the growth of the crop. About half the crop has been damaged by drought.
Mekla	60,000	40,000	40,000	100	75	Middle of March. Normal.	Continued drought has retarded the growth of the crop to some extent, but the rain in February somewhat improved the condition. Some damage has been caused by drought. The outturn is anticipated to fall below the normal for want of rain.
Dacca	4,100	4,300	2,500	65	40	March. Normal	Want of timely rain has affected the growth of the crop and has caused some damage. The outturn is anticipated to fall much below the normal.
Mymensingh	800	—	200	—	21	Middle of March. Normal.	The weather has not been favourable owing to drought which has damaged the crop to the extent of 17 per cent.
Baridpur	2,700*	2,800	2,900	55	40	March. Normal	The increase in area is due to increased cultivation of the crop in the Goalundo subdivision. Want of rain has been detrimental to the growth of the crop and has caused damage to the crop to a considerable extent in the Goalundo subdivision.
Total Bengal	229,400	116,000	124,100	68	67		

\* Conventional area.

CALCUTTA, the 10th April 1922.

## DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 5th April 1922.

**Summary.**—Excepting light rain in a few places in Pabna, Dacca and Tippera and in the Tripura State, there was no rainfall throughout the province. Rain is badly needed for the sowings of jute and paddy and the operations are at a standstill owing to drought. Harvesting of *rabi* crops is approaching completion. The average price of common rice for the province has risen by about 0.74 per cent. as compared with that of the previous week.

Serial No.	District and subdivisions.	Rainfall.	PRICE OF COMMON RICE, IN SEERIS, PER RUPEE.		Character of the weather condition of crops, etc.
			This week.	Previous week.	
1	2	3	4	5	6
1	24-PARGANAS	Inches. Nil	5½	5	Lands are being prepared for jute and <i>aus</i> paddy. Fodder and water are sufficient.
	Diamond Harbour.	Nil	6½	6½	
	Barrackpore	Nil	5½	5½	
	Barasat ...	Nil	6½	6½	
	Basirhat ...	Nil	6½	6½	
2	NADIA ...	Nil	6½	6½	Weather hot and dry. Harvesting of <i>rabi</i> crops is nearly completed. Cultivation of <i>bhadai</i> crops is being retarded for want of rain. Cattle-disease is reported from Karimpur, Santipur and Gangani thanas.
	Kushtia ...	Nil	7	7	
	Meherpur ...	Nil	7	7½	
	Obuadanga ...	Nil	7½	7½	
	Ranaghat ...	Nil	6½	6½	
3	MURSHIDABAD	Nil	6½	6½	Prospects of standing crops are fair. Harvesting of <i>rabi</i> crops continues. Rain is wanted for the preparation of fields for <i>bhadai</i> crops. Cattle-disease is reported from thanas Sagardighi in Lalbagh and Bharatpur in Kandi subdivisions. Scarcity of water and fodder is reported from Lalbagh subdivisions. No large import and export of rice.
	Lalbagh ...	Nil	6	7	
	Jangipur ...	Nil	7	7½	
	Kandi ...	0.08	7	6	
4	JESSORE ...	Nil	8	8	Harvesting of <i>rabi</i> crops is nearing completion. Rain is badly wanted for the cultivation of lands for the next crops. Export of paddy is reported from Bongaon and Jhenidah subdivisions. Fodder is sufficient. Water is rather scarce in places.
	Jhenidah ...	Nil	8½	9	
	Magura ...	Nil	8	9	
	Narail ...	Nil	8	8½	
	Bongaon ...	Nil	8	8½	
5	KHULNA ...	Nil	7	7	Rain is badly needed for the preparation of lands for jute and <i>aus</i> paddy. Scarcity of drinking water is being felt in many places. Cattle-disease is reported from Kaliganj and Syamnagar thanas.
	Satkhira ...	Nil	6½	7	
	Bagerhat ...	Nil	7	7	

Serial No.	District and subdivision.	Rainfall.	PRICE OF COMMON RICE, IN ANNAS, PER RUPEE.		Character of the weather, condition of crops, etc.
			This week.	Previous week.	
1	2	3	4	5	6
		Inches.			
6	BURDWAN ...	Nil	6	6	Weather very hot. Rain is urgently wanted. Fields are being manured.
	Asansol ...	(n)	(n)	5½	
	Katwa ...	Nil	6½	6½	
	Kalna ...	Nil	6½	5½	
7	BIRBHUM ...	Nil	6½	6½	Harvesting of wheat crop is completed. Fodder and water are sufficient.
	Rampurhat...	Nil	6½	6½	
8	BANKURA ...	Nil	7	7	Manuring of fields continues. Cattle-disease reported from thanas Saltora and Simlapal. Export of rice and paddy continues.
	Vishnupur ...	Nil	7	7	
9	MIDNAPORE	Nil	7	7½	Prospects of summer til are favourable. Outturn of sugarcane is good. Rain is wanted for ploughing. Fodder is sufficient.
	Jhargram ...	Nil	6½	7	
	Ghatal ...	Nil	7	7½	
	Tamluk ...	Nil	6½	7½	
	Contai ...	Nil	7	8	
10	HOOGHLY ...	Nil	5	5½	Effects of weather are unfavourable. Rain is urgently wanted. Price of rice is rising in Sadar and Serampur subdivisions. Fodder is sufficient.
	Serampore ...	Nil	5½	5½	
	Arambagh ...	Nil	7	7	
11	HOWRAH ..	Nil	6	6	Weather hot. Rain is badly wanted for crops on the ground.
	Uluberia ...	Nil	6½	6½	
12	RAJSHAHI	Nil	7	7	Prospects of standing crops are fair. Fodder and water are sufficient.
	(RAMPUR-BOALIA).				
	Naogaon ...	Nil	7½	7	
	Nator ...	Nil	6½	7½	
13	DINAJPUR ..	Nil	8	8½	Harvesting of rabi crops is nearly over. Fodder and water are sufficient.
	Thakurgaon	Nil	9½	9½	
	Balurghat ...	Nil	8½	8½	
14	JALPAIGURI	Nil	7½	7½	Preparation of soil for jute and autumn paddy is going on, but their sowing is being retarded for want of rain.
	Alipur ...	Nil	8	8	

(n) Not reported.

Serial No.	District and subdivision.	Rainfall.	PRICE OF COMMON RICE, IN SEERS, PER RUPEE.		Character of the weather, condition of crops, etc.
			This week.	Previous week.	
1	2	3	4	5	6
		Inches.			
15	DARJEELING	Nil	5	5	Sowing of maize is in progress. Fodder and water are sufficient. Cattle-disease exists in places.
	Kurseong ...	Nil	6½	6	
	Siliguri ...	Nil	7½	7½	
	Kalimpoung...	Nil	6½	6½	
16	RANGPUR ...	Nil	8	8	Weather very hot. Rain is badly needed. Fodder and water are sufficient.
	Nilphamari	Nil	9	9	
	Kurigram ...	Nil	8½	8½	
	Gaibandha ...	Nil	8	8	
17	BOGRA ...	Nil	7½	7½	Sowing of jute continues.
18	PABNA ...	0.47	6½	6½	Prospects of standing crops are fair. Rain is badly needed for the preparation of lands for <i>aus</i> paddy and jute. Fodder is sufficient.
	Sirajganj ...	Nil	7	7	
19	MALDA ...	Nil	7½	7½	Rain is urgently wanted. Harvesting of <i>rabi</i> crops continues. Fodder and water are sufficient.
20	COOCH BEHAR	Nil	8½	8½	Weather reasonable. Prospects of standing crops are doing well. Sowing of <i>bisri</i> paddy is in progress and that of jute has commenced. Fodder and water are sufficient.
21	DACCA ...	0.51	6½	6½	Weather is reasonable. Recent rainfall has been beneficial for the sowing of jute and paddy. More rain is needed for the growth of standing crops. Rice market is rising. Harvesting of barley and wheat is nearing completion.
	Manikganj ...	(n)	(n)	7	
	Narayanganj	2.54	6½	6½	
	Munshiganj (a)	Nil	7	7	
22	MYMENSINGH	Nil	6½	7	Weather hot and dry. Sowings of <i>jute</i> and <i>aus</i> paddy have been postponed owing to drought. Preparation of soil for <i>jute</i> and <i>aus</i> and <i>aman</i> paddy continues. Prospects of standing crops are not favourable. Rain is badly wanted. Fodder and water are available.
	Jamalpur ...	Nil	8½	8½	
	Tangail ...	Nil	6	6½	
	Netrakona ...	Nil	7½	7½	
	Kishorganj...	Nil	6½	7½	

(a) Munshiganj being very near to Dacca and Narayanganj, its rainfall statistics are not quoted. To give information regarding the northern part of the district, rainfall figures for Kapasia thana are reported here.

(n) Not reported.
